STOMACH BITTERS. The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-

TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretafore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blasoning puffery. The consumption of Hostetter's Stomach Bitthe consumption of Hostetter's Stomach Dit-ters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparaphysicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its officacy in all cases of stomachic derangements and the diseases resulting therefrom.

and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hosteriar's Stomach Hitters have Hostetter's Stomach Bitters have proved a Godsend to regions where fever and and various other billous complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

of the functions of nature. Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evi-dence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derengements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigora-tors that receive the endorsement of physi-cians, because it is agreeable to the taste as well as certain to give a permanent increase

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhoza, dysentery, indigestion, loss of appetite, and all diseases or derangements of the atomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will count their own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial. CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters' blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the

The great Central Active Principle of the Tolu Anodyne is a true development of the Original Natural Opiate. In all cases wherever Opiam has been used and its baneful effects witnessed, no mak of ourse can adequately compare the difference, and no decision is equal to a trial. The Anodyne contains not a particle of Opiam, and the most delicate constitution atm and it with safety, and the perfectly natural state it keeps and loaves the Patient should recommend it to Physiciaus who have long sought the true development and to Patients who want natural results.

The basis of the Universal Cough Remedy is that freedom from all components which by the great error in compounding, produce complete inerts, instead of real cures. We place no restraint on its use avery hour in the day, and axt all Patients to make it the matural enemy to all Coughs, Throat or Lung Complaints by a perfect freedom of application. For infammancy seer Throat it is a perfect Remedy, and for Whooping Cough checks all the spasms and allows the Congh to have its run in a quiet way.

With the spirit that we court all investigation, and readiness to answer all inquiries, may we in return ask all to be cautious to purchase only of those they can rely upon. "Prices within the reach of all." General Agents, J. W. Hunnewell & Co. 7 and & Commercial Wharf, Boston.
